

2025 Cannabis Championship Guidelines

Thank you for putting your trust in our competition. Our mission is to host the fairest and most comprehensive cannabis championship possible. Fairness, integrity, quality evaluations, and good notes from our judges are our top priorities. We ensure this by carefully selecting judges through an application process, providing thorough training, and using a detailed rubric to assess each entry. Every year, we make improvements, and we're excited to bring you our best competition yet! Special thanks to Package My Bud for providing the high quality packaging!! If your company needs quality packaging contact Laurie Keeley at Laurie@packagemybud.com

We've made a few changes this year, so please read these guidelines carefully and ensure your entries are ready for drop-off day. We can't wait to see you there!

Please note: Cowboy Cup reserves the right to change competition information at any time. Changes will only be made to improve fairness and eliminate bias.

What You'll Want to Know

We hand-select judges from across the state through an application and interview process. If you're curious about the application, you can check it out on our website. While we'll use some trusted past judges, most of the judges selected will be average Oklahoma medical cannabis patients to reflect current market trends.

We work hard to ensure judges are both unbiased and educated through a series of training sessions and group discussions. Additionally, we take special care to match judges with the right categories, including but not limited to:

- High Dose Edible judges must be able to tolerate high THC percentages.
- Topical judges have conditions allowing them to assess the effectiveness of topicals.

Judging Process

All entries will be assessed in the months leading up to the event based on several criteria.

- **Appearance** – Trichome intactness, density, maturity, and trim quality.
- **Aroma** – "Jar pop," grind, burn, intensity, and complexity.
- **Flavor** – Dry hit, burn, intensity, longevity, and complexity.
- **Smoothness** – During consumption.
- **Melt** – Clarity (when applicable).
- **Medicinal Experience**

Judging Panels

This year, there will be 10 judges per major category, with the exception of the Indoor Flower category, which will have three 10-member panels.

Panel Breakdown:

- Sungrown Flower
- Indoor Flower (3 Panels)
- Pre-rolls
- Solventless Hash
- Solvent Hash
- Cartridges
- Edibles
- Tinctures
- Topicals

Judging Samples

Judges will receive blind, coded samples for all entries except edibles, tinctures, and cartridges, which remain “branded” categories.

- **Flower Judges:** 2g or 2 pre-rolls per sample
- **Concentrate Judges:** $\frac{3}{4}$ - 1g per sample
- **Cart Judges:** 1 sample each
- **Edibles Judges:** 1 sample each
- **Topicals Judges:** $\frac{3}{4}$ oz samples

Judges pay only \$50 for their judge packs, which includes entry to the event. Judge packs are not for sale to just anyone. Our judging process ensures that no one can purchase a bunch of judge packs just to vote for themselves, keeping the competition fair, transparent, and truly based on merit.

Packaging and Drop-Off

We will take bulk submissions but if you are submitting Flower or Hash and want to package each sample yourself, we will make our competition jars available for pickup starting **October 1st** at the following locations:

- **Best Dispensary** – 1502 S Harvard, Tulsa, OK
- **The Lettuce Depot** (NEW LOCATION) – 3625 NW 50th St, Oklahoma City, OK

Packaging Instructions if packaging yourself:

- **Flower:** You will receive 14 jars. Fill each jar with no more than 2 grams. Submit 28g in bulk. ***If you want to submit a specific nug for the display case, indicate which one (Case sample may be more than 2g but not taller than 2.5” to fit in the case.***
- **Hash:** You will receive 14 jars. Fill 12 jars with 1g samples. Fill 2 jars with 4g each and label them accordingly.
