

IMPORTANT UPDATES TO RULES AND DROP OFF INSTRUCTIONS

2023 Cannabis Championship Guidelines

We appreciate you putting your trust in our competition. It is our ongoing mission to be the fairest and most comprehensive cannabis championship it can be. Our top priority is to have fair, unbiased and educated judging. We achieve this by selecting judges through an application process, educating the judges, and utilizing a comprehensive rubric to evaluate the entries. We strive to improve each year and are excited to bring you the best competition yet. We have made a few changes, so please read these guidelines carefully and make sure you have everything ready on drop-off day. Looking forward to seeing you at Lettuce Depot!!!

**Sometimes things change, so Cowboy Cup reserves the right to change this competition information at any time. We will only make changes that make the competition more fair, more unbiased, etc.*

Why you should get involved.....

Cowboy Cup is not just built to be a competition. It is built to be a platform that the industry can use to see current and emerging market trends, test out and market your products and get unbiased consumer feedback. We are the most well attended cannabis event in the state and with the move to Tulsa Expo Square this year we will bring more cannabis professionals and enthusiasts together than ever before. We personally train all of our judges. In that, we require that they give us feedback on each entry regarding what they liked and what they did not about the product. After the competition we encourage you to call us so that we can walk you through the judging scores, results and notes. This is a great tool that provides you with quality feedback that you can use for future decisions. We will always make ourselves available to you. If you have any questions regarding the competition you can contact daniel@thecowboycup.com or if you are interested in becoming a sponsor or vendor contact greg@thecowboycup.com

What you'll want to know....

JUDGING

We will hand-select judges from across the state via an application process on our website. This year we are starting early. Judging sign-up began on April 20th. If you are interested in what our judge application looks like, just check it out on [our website](#) . We will use some past judges that

we know will do a top-notch job, and we will select a few celebrity judges. We want the competition to reflect the market trends, so the majority of the judges selected will be average Oklahoma medical cannabis patients. We will select the judges through a stringent interview process. We work hard to make sure these judges are completely unbiased and have the education necessary to accurately assess competition cannabis via a series of training sessions and group discussions.

All of the entries will be assessed in the months leading up to the event. Entries will be based on several criteria including but not limited to:

Appearance - Trichome Intactness, Density and Maturity, Trim Quality.

Aroma - “Jar Pop”, Grind and Burn - Intensity, Complexity.

Flavor - Dry Hit and Burn - Intensity, Longevity, Complexity

Smoothness During Consumption

Melt - Clarity (when applicable)

Medicinal Experience

These will vary by category but are the basic criteria used during the assessment.

This year, there will be 10 Judges per major category with the exception of the Indoor Flower which will have two-to-three 10-member judge panels.

Major Categories:

- Sungrown Flower
- Indoor Flower
- Pre-rolls
- Solventless Hash
- Solvent Hash
- Cartridges
- Edibles
- Tinctures
- Topicals

Our judges will receive blind, coded samples for each entry with the exception of the edibles, tinctures and cartridge categories which will be “branded” categories again in this year’s competition. Flower judges are given 2g or 2ea pre-roll samples; concentrate judges are given 1g samples; Edibles judges are given 1ea samples; and Topicals judges are given ¾ oz samples.

Our hand-selected judges simply pay only \$1.00 for their judge packs. Judges cannot buy their way into judging the Cowboy Cup. While other competitions sell their judge packs to anyone willing to purchase them, we believe having you pay to enter our competition and then turn around and sell your products to judges is unethical and quite frankly bulls***. You do not have to worry about fellow competitors simply buying judge packs and voting themselves the winner.

In our best efforts to make sure the judges receive the samples in the same condition in which they were submitted, we have partnered up once again with Custom 420 Northeast to provide quality packaging. If your company needs a good packaging company, check them out for sure. They have been with us since year two and are great to work with www.custom420.com .

AWARDS CEREMONY

The Awards Ceremony will be held Saturday Evening Dec. 9th during the Cowboy Cup at the Exchange Center at Expo Square in Tulsa.

What you NEED to know....

Entries absolutely must be submitted with all of the required information as directed below. We will not take late submissions, late testing, or late payments for any reason whatsoever, don't even ask. Last year we had nearly 400 competition entries. We work very hard to make sure the products get to the judges as quickly as possible, in order to retain their integrity. In order for us to do so, we must have ALL of the required documentation by 6:00 p.m. on the last drop-off date for your category. We will do our best to provide the resources you might need to collect any missing information at the drop-off location, such as Wifi, Printer, etc. We do not ever want to turn anyone away, but we have strict standards for competition.

Every year, some contestants send their products to drop off using a transportation company. We understand it is hard to leave your business, and we will accept entries via this method. HOWEVER, we want you to know that in the history of our competition, there has never been a transportation company that brought us an entry with all of the required documents or correct fees. Please make sure that your transport agent is aware they are transporting a competition entry and what to expect. Please triple-check that they have the entry fee money and all of the required documents. Using transportation companies for entry drop-off is risky. Again, we will not accept late entries for any reason whatsoever. To ensure that your entry arrives on time and with the required documentation and fees, we highly recommend that you have one of your staff hand deliver the entry.

With each entry, you receive (ONE) weekend pass to the event. Your wristband and contestant badge will be available at our will call / vendor information booth the weekend of the event under the name of your company.

Please note: If you enter three submissions, you will receive three weekend passes. If you have more than three people on your team who want to attend, you will need to purchase any additional passes.

See you at drop off in Choctaw at the Lettuce Depot!!
